

CHARISSE. GUILHEM DURAND. PICPOUL DE PINET.

APPELLATION: Pinet

VARIETAL: Picpoul de Pinet Blanc

FERMENTATION: In stainless steel.
Unoaked.

TASTING NOTES: Clean and crisp aromas of honeydew. Refined with mineral, pear, and lime flavors with lingering exotic fruits.

The Allies family has grown vines for several generations in Pomerols, along the northern edge of the Bassin de Thau.

This large inland sea, on the southern part of the Pinet appellation, has a microclimate significantly influenced by cooling sea breezes, which accounts for the particular expression of freshness in these whites.

The soils are composed of clay and limestone.
